oil poached tuna,
Cuban sandwich

PH BALANCE

3.55

RESIDUAL SUGAR

0.3 g/l

TOTAL ACIDITY

5.1 g/l

BRIX

23.4°

VINIFICATION

2 tons of Swan clone harvested on 10/7 + 4 tons of 115 and 777 harvested on 10/9. All three clones were fermented on 25% whole clusters in open-top tanks with native yeasts. A 4-day cold soak preceded one daily punch down and pump-over during a 15-day fermentation. Aged for 10-mos in 28% new French oak. Bottled unfinned/unfiltered.

SITE

This historic vineyard sits on the south side of route 128, 11 miles from the coast at elevations of 250-500 ft. Soils comprised of mainly decomposed sandstone result in a struggle for nutrients and water, keeping the resulting fruit load of the vineyard in natural balance. The first blocks were planted in 1963; ours in 2000 to clones 115, 777, and Swan. Edmeades is quintessential Anderson Valley with densely forested rolling hills, frequent fog, and the Navarro River running through it.
