VINIFICATION

2.46 T of drought-concentrated Grüner Veltliner was hand-picked, destemmed and sent directly-to-press. The juice was intentionally oxidized before a spontaneous fermentation commenced in a once used acacia puncheon and stainless steel drums. Aged sur-lees for 5 months and then racked to steel for 5 additional months.

SITE

Kick-on Ranch is 14-miles from the Pacific Ocean in the East/West running Los Alamos Valley. Cold ocean breezes ensure slow and even ripening. Soils are grey sandy loam, low in nutrients, and produce lower yielding vines. Grüner material is Davis Clone 1 and was grafted in 2012 onto some Pinot Gris vines (planted in 2000 on 101-14 rootstock). Our section of the vineyard is farmed organically by Graham Tatomer.
