VINIFICATION
11.6 tons hand-harvested between Sept. 6-25. Berries were destemmed and gently crushed before going to press. All lots fermented and aged separately for six months in 600L neutral oak puncheons, before being racked off the lees to steel for one more month. A slow malolactic fermentation completed. Cross-flow filtered prior to bottling.

SITE
This wine is made from a selection of our favorite Russian River vineyards. All sites are situated 10-15 miles from the coast, with gravelly loam and sandstone soils planted to Clone 4, Dijon 95 and 96, and Curtis clone. This growing region is distinguished by its complex relationship with the cold Pacific Ocean, omnipresent fog, ancient redwoods, and the Russian River itself.
