### SITE

This historic Prohibition-era ranch boasts some of the oldest known *Vitis Vinifera* plantings in California. This Sauvignon Blanc, planted in 1942, may very well be the oldest SB in the country. The vines are head-trained and have been dry-farmed organically since planting on red clay soils strewn with fist-sized rocks. An extreme diurnal shift necessitates longer hang times (and a steady temperament). The vineyard is overseen by husband/wife duo Denise + Athan Poulos.
