### VINIFICATION

1.2 T of Swan Clone + 1.3 T of Pommard hand harvested & sorted on Sept 30<sup>th</sup> & Oct 4<sup>th</sup>. Fermented on wild yeasts in small open-top tanks with 25% whole clusters. A 4-day cold soak preceded a gentle infusion during a 14-day fermentation. Aged for 10 mos in 16% new French oak barrels. Bottled unfined/unfiltered.

### SITE

*Lejano* is Spanish for "distant" or "far away," which aptly characterizes the remote Sonoma Coast vineyards we source from. These fringing sites are situated 5-14 miles from the Pacific Ocean on a series of ridgelines and/or valleys at 400-700ft—placing them at the edge of the fog line. Clones Pommard & Swan planted in the late 1990s on diverse soils of sandy clay loam strewn with fossilized seashells. The extreme microclimate and meagre soils require a steady temperament and a willingness to work with low yields.
